

Instructions for the selection of the City v Country teams

Coach of the highest finishing team in the region will be offered the coaching role. You can choose your manager.

Assistant coach will be offered to the team finishing second in the region.

Coaches will be sent the team via email. Coaches will have 2 days to check the team.

No team is to be announced anywhere without AO approval. If leaked you jeopardize your position.

Once approved AO will inform the coach of the approved team and make the announcement.

SELECTIONS

AO will Select 16 players and 4 shadows. All will be named. It is not a squad of 20 it is 16 + shadows.

The team will be selected using the team rating forms from Div 1 teams and the players nominated in Div 2 by Australian Oztage head office.

AO will conduct a fair and reasonable selection based on where the teams finished over the rounds.

Players cannot be dropped from the team without approval from AO.

If a player pulls out of the team the coach will replace with one of the shadows upon approval by AO.

TRAINING

Training sessions will be left in the hands of the coach. However, you will be limited to two compulsory sessions.

Remember some players may live hours from the coach and team mates. Eg Northern Country Knights: Central Coast, Newcastle, Tamworth, Coffs etc. Players cannot be expected to attend numerous training sessions.

Their attendance at training sessions should have no bearing on their position in the team re game time.

It is AO's expectation that every player will play 50% of every game. We are firm on this point.

COST

The cost will be \$150 per player. This covers team uniform, backpack and registration.
