

AUSTRALIAN OZTAG JUNIOR CHAMPIONSHIPS DRAW 2023 EXPLANATORY NOTES

Our aim is to ensure teams play at least 6 round games.
Below is the explanation of how each division will work over the weekend.

We use a 6 game draw template. Template is attached with this document.

It doesn't matter if you have 8, 9, 10, 11 teams in a division all teams get 6 games.

To make the draw fair, as there is obviously some teams you will not play, a ballot draw is conducted for the teams position within the division. The ballots have been recorded for transparency and can be viewed if a coach feels the need to have a look. They can attend the admin office at the tournament to view it.

Divisions or pools with 8 to 11 teams will use the 6 game template draw with the exception of the girls 9's. They have a pool of 8 teams so they will play each other once giving them 7 games. 4 teams will finish at this point and the other 4 will advance to the SF.

Divisions with 7 teams will play each team once.

Divisions with 12 teams will separate into two pools of 6. First game will be a ballot crossover draw, also recorded, then play each team in the pool. 6 games.

FINALS

All divisions with 9 or more teams will play quarter finals. 1st v 8th, 2nd v 7th etc.

Divisions with two pools will play 1st A v 4th B, 2nd A v 3rd B etc

Divisions with 8 teams or less will play semi finals. 1st v 4th, 2nd v 3rd.

QF, SF will be capped at 5 minutes extra time, drop off 5 players, golden try with right of reply.

GF capped at 10 minutes.
